

4TH INTERNATIONAL CONFERENCE ON PRIMARY IMMUNODEFICIENCY DISEASES

Date:
March 11-13, 2017

Venue:
The Leela Palace
Bengaluru, India

Organized by
The Foundation for Primary Immunodeficiency Diseases (FPID)
In collaboration with
Indian Society for Primary Immune Deficiency Diseases (ISPID)
&
Mazumdar Shaw Medical Center, Narayana Health City, Bangalore

Introduction

The 4th International Conference of The Foundation for Primary Immunodeficiency Diseases (FPID) & Indian Society for Primary Immune Deficiency Diseases (ISPID) is being hosted by the Karnataka Pediatric Hematology Oncology Group in association with Mazumdar Shaw Medical Center, Narayana Health City, Bangalore at the Silicon Valley of India. Due to its rich stone resources, the city is also known as the Stone City. Located on the Deccan Plateau in the south-eastern part of Karnataka, it is India's third most populous city and fifth-most populous urban agglomeration. As of 2009, it was inducted in the list of global cities and ranked as a "Beta World City" alongside cities such as Dallas, Miami, Boston, Kuwait City, Geneva and Berlin in the studies performed by the Globalization and World Cities Study Group and Network in 2008.

Indian Society for Primary Immune Deficiency Diseases (ISPID) is a registered Society and is a non profit organization. The society is an initiative of clinical immunologists, laboratory immunologists and hematopoietic stem cell transplant physicians and others with interest in primary immunodeficiency in India. Main objective of the society is to spread knowledge and latest developments in this field among clinicians especially post graduate students, immunologists and researchers.

From the Organizing Secretary

Dear Friends,

Greetings from the Organizing Committee of 4th International Conference on Primary Immunodeficiency Diseases. This is the 4th International Conference of The Foundation for Primary Immunodeficiency Diseases (FPID) & Indian Society for Primary Immune Deficiency Diseases (ISPID) being held in Bangalore. Bangalore is one of the major hubs in India for healthcare, medical tourism, pharmaceutical industry, biotechnology, information technology and molecular research.

Compared to the developed countries, in India this area is still infantly. Globally there are 10million patients with PID, there are more than 300 different PID's and more then 400 gene mutations have been described.

This meeting will bring together about 25-30 National and International faculty and about 300-350 delegates from all over the country and surrounding countries, in the fields of Haematology, Haemato-oncology, Laboratory medicine and Immunology. Invited speakers from around the world will present cutting edge and most recent data on the molecular bases of primary immunodeficiency diseases, next generation sequencing, hematopoietic stem cell transplantation, and gene therapy of primary immunodeficiency diseases. A meeting of this magnitude cannot be held without your support. In addition to a scientific feast we have also planned out a large trade exhibition area and also various sponsorship opportunities. We thus seek your support for this meeting to ensure a grand success.

Yours sincerely

Dr. Sunil Bhat

Organizing Secretary

Selected Topics

- Chromosomal instability syndromes
- Genetics of common variable immunodeficiency – a multi-omics approach
- Severe combined immune deficiency: Changes in paradigm
- Insights into Lymphocyte Regulation by Studying Combined Immunodeficiencies in Humans
- CD8T regulatory cells in primary immunodeficiencies
- Defective CD8 T cell activation and function underlies EBV susceptibility in distinct PIDs
- New PIDs associated with EBV susceptibility
- STAT2 deficiency: viruses to power?
- DOCK8 Deficiency
- Molecular aspects of Chronic Granulomatous Disease
- Molecular bases of hemophagocytic lymphohistiocytosis
- Old Dogs, New Tricks: Autoinflammatory Disease Unleashed
- Elucidating the genes responsible for immunological diseases leads to precision medicine treatments
- New paradigms in HSCT for PID – the changing landscape
- Gene Therapy for primary Immunodeficiency – Where are we now and where can we go?

Organising Committee

CHAIRPERSON

Dr. Vishwa Mohan Katoch

CONFERENCE ORGANIZING SECRETARY

Dr. Sunil Bhat

CONFERENCE TREASURER

Dr. Shobha Badiger

ORGANIZING COMMITTEE

Dr. Anand Prakash

Dr. Harsha Prasad

Dr. Vandana Bharadwaj

Dr. Intezar Mehndi

Dr. C P Raghuram

Dr. Pooja

Dr. Rasmi Palassery

INTERNATIONAL SCIENTIFIC ORGANIZING COMMITTEE

Dr. Jean-Laurent Casanova

Dr. Sudhir Gupta

Dr. Lennart Hammarstrom

NATIONAL SCIENTIFIC ORGANIZING COMMITTEE

Dr. Amita Aggarwal

Dr. Mukesh Desai

Dr. Narinder Mehra

Dr. Manisha Madkaikar

Dr. Nita Radhakrishnan

Dr. Biman Saikia

Dr. Surjit Singh

Programme at A Glance:

SPEAKERS

Jean Laurent Casanova (USA)

Mukesh Desai (India)

Thomas Fleisher (USA)

Bobby Gasper (UK)

Andy Gennery (UK)

Sudhir Gupta (USA)

Lennart Hammarstrom (Sweden)

Pam Hammarstrom (Sweden)

Stephanie Humblet-Baron (Belgium)

Michael Jordan (USA)

Neena Kapoor (USA)

Dan Kastner (USA)

Taco Kuijpers (The Netherlands)

Sylvain Latour (France)

Michael Lenardo (USA)

Warren Leonard (USA)

Manisha Madkaikar (India)

Isabelle Meyts (Belgium)

Luigi Notarangelo (USA)

Surjit Singh (India)

Helen Su (USA)

Stuart Tangye (Australia)

Registration & other details:

Name:
Medical Council Number:
Institution:
Residential Address:
E-Mail: Phone no:

Registration fees:

Category	Early Bird (Before 30.11.2016)	Regular	On-Spot
ISPID Members	₹ 3,000	₹ 5,000	₹ 8,000
Non-Members	₹ 4,000	₹ 6,000	₹ 10,000
Trainees/Student's	₹ 2,000	₹ 2,500	N/A

Modes of payment / Registration

1. Demand Draft/Cheque - "To International Conference ICPIID at Bangalore" - Acc. No. 3021101114421
2. Online Transfer - Acc. No. 3021101114421, IFSC Code:- CNRB0003021, Canara Bank, Narayana Hrudayalaya, Bangalore

Address: Mazumdar Shaw Medical Centre, NH Health City, 258/A, Bommasandra Industrial Area , Bangalore 560099
For More Enquiry ☎ 9845382072

Accommodation details:

Hotel rooms has been organized at discounted prices at the venue itself (Hotel Leela Palace).
This can be booked at the hotel website directly.
