

# Introductory Course on Primary Immunodeficiency Diseases

**November 10, 2013**  
**Hotel Taj Vivanta, Lucknow**

under the aegis of  
The Indian Society for Primary Immune Deficiency (ISPID) &  
The Foundation for Primary Immunodeficiency Diseases (FPID), USA.

Organized by  
Department of Clinical Immunology  
Sanjay Gandhi Postgraduate  
Institute of Medical Sciences,  
Lucknow

## Outstation Faculty

### International

#### Dr. Neena Kapoor

Division Head  
Blood and Bone Marrow Transplant Program  
Children Hospital of Los Angeles  
Los Angeles, CA, USA

#### Professor Sudhir Gupta

Professor of Medicine, Pathology & Laboratory  
Medicine, and Microbiology & Molecular Genetics  
Director, Programs in Primary Immunodeficiency  
and Aging  
University of California  
Irvine, CA, USA  
Co-Founder, President and Director,  
Foundation for Primary Immunodeficiency Diseases

### National

#### Professor Surjit Singh

Professor (Allergy and Immunology)  
Advanced Pediatric Center  
PGIMER, Chandigarh

#### Dr Mukesh Desai

Chief, Division of Immunology  
BJ Wadia Hospital for Children  
Mumbai

#### Dr Manisha Madkaikar

Scientist E  
National Institute of Immunohaematology  
ICMR, Mumbai

## Introductory Course on Primary Immunodeficiency Diseases

**November 10, 2013**  
**Hotel Taj Vivanta, Lucknow**

Dr Amita Aggarwal  
Department of Clinical Immunology  
Sanjay Gandhi Postgraduate Institute of Medical Sciences  
Lucknow 226014  
India

Dear Colleagues,

It is my pleasure to invite you to an Introductory course on Primary Immunodeficiency diseases (PIDs) being organized by the Department of Clinical Immunology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow on Sunday, November 10, 2013. The meeting will be held at Hotel Taj Vivanta, Lucknow.

Patients with PID present not only to pediatricians but also to internists. In addition, PIDs may manifest as gastrointestinal (such as IBD, celiac disease), rheumatological (rheumatoid arthritis, systemic lupus erythematosus), pulmonary (pneumonia, bronchiectasis, granulomas), ENT (sinusitis, otitis), allergic (asthma, rhinitis), or hematological (neutropenia, thrombocytopenia, leukemia, lymphomas) diseases, without the underlying PID being easily apparent. Hence knowledge about PID may be important for several subspecialists.

This meeting will focus on how to suspect and diagnose PIDs. We will also discuss some clinically challenging cases. The meeting should thus be useful to all who wishes to learn an exciting new field in clinical medicine.

We look forward to seeing you at Lucknow in November 2013 to experience this scientific feast, in addition to historical, cultural and culinary delights of Lucknow.

Dr Amita Aggarwal  
Organising Secretary

*Please register early as seats are limited*

## Program

### Time

### Topic

8.30-9.15

Registration

9.00-9.20

Inauguration

9.20-9.30

Introduction to course

### PIDs: Your eye sees what your mind knows

9.30-10.00

PIDs in India: A perspective

10.00-10.30

When should one suspect immunodeficiency in a child?

10.30-11.00

When should one suspect immunodeficiency in an adult?

11.00-11.30

**Tea Break**

### Interdisciplinary symposium: Cross talk

11.30-12.00

Gastroenterologist and PID

12.00-12.30

Rheumatologist and PID

12.30-13.00

Hematologist and PID

13.00-13.30

Pulmonologist and PID

13.30-14.15

**Lunch**

14.15-15.00

**Case capsules (four cases)**

### Management of PIDs

15.00-15.20

Laboratory diagnosis of PID

15.20-15.40

Management of humoral immunodeficiencies

15.40-17.00

**Tea Break**

15.40-16.00

HSCT in PIDs

16.00-16.20

Genetic counselling

16.20-17.00

Open house/ patient perspective

### Organizing Committee

Chairman: RN Misra  
Secretary: Amita Aggarwal  
Members: Vikas Agarwal  
Able Lawrence
